

Statewide recreational fishing survey 2019–20 Diary Card

Key information

This diary card can be taken out fishing with you, to help remind you of your household's most recent fishing activities. You can use this card when you complete your diary online or over the phone

Please record brief details on this diary card when you, or any person in your household, does any recreational fishing including crabbing, prawning and collecting bait in Queensland... whether you catch anything or not

The fish identification guide can help you identify the species of fish you catch

The diary **starts on 29th April 2019** and **ends 28th April 2020**

Your login code is found on your portal access card

Any questions, problems or need an extra diary card? Please contact the helpdesk on **1800 800 996**
